Career History

Seeking asylum

Oct 2010– Sep2019

In-hiding within Pakistan until March 2011 then fled to UK where a final decision on my case made in September 2019 and granted permission to remain and work in the UK. Hard working and industrious, so used my time to improve my English and gain UK qualifications. Member of the technical team local Baptist church, controlling sound, recording, and cameras. Willing to move away from Stockton-on-Tees if work demands.

St. Johns Grammar High School, Karachi

Jan 2009–Oct 2010

I found employment as a teacher of computing, English and chemistry at a local, highly regarded grammar school. In addition, I was in charge for running the computer network Lab. I designed and implemented a full teacher/student record system based on *asp.net* and *MySQL* and wrote the various access scripts for a dynamic update of the database. I was the primary support person for all computer-related queries regarding hardware, software, and the network (peer-to-peer).

Achievements

- Skilled communicator
- Implemented comprehensive teacher/student database record system using *mySQL*.
- Liaised with parents concerning all queries, including discipline.
- Enhanced school network and improved reliability.

Maxco Private Ltd, Pakistan

August 2005–Dec 2008

Employed as an assistant to the manager in the production department, responsible for production control of a garment manufacturing line. I was quickly promoted to Assistant Manager for my aptitude and industry where I designed and implemented a quality management system in Excel to monitor output and profit levels This was later rolled out company-wide.

As Assistant Manager I was responsible for:

- managing production and other reports in Microsoft Excel
- deciding technical skill requirement for hiring additional labor;
- second line management for all salary issues;
- implementing a quality management system on time and within budget.
