Resume Web: <https://ashur-k.github.io/Resume-Web-Ashur/>

I am a Full Stack Developer who is recently qualified with a Diploma in Software Development from Code Institute. I have strong Back-End [Django/Flask] skills and am proficient with Python, SQL, HTML, CSS and JavaScript. I am currently seeking a new opportunity within the Software Engineering sector where I can use my skills to benefit a company business and progress further.

## CORE SKILLS

Frontend	Backend	UI Frameworks	Source control	Databases
HTML	Python	Bootstrap	Git	SQL-Server
CSS	Django	Materialize		Mongodb
JavaScript				Postgresql
jQuery				
AJAX				

## PROJECTS

### Project 1 - Title: *RR-Cloth*

**Brief description:** I created a fully functional e-commerce site with product-search, sort, add-to-bag and order-checkout features where a user can choose to buy, rate and review a variety of products. The user can also maintain his/her user profile with login/logout/recover and password features and can view order history. A payment system is maintained using Stripe with Stripe webhooks to provide an efficient payment system for the user. The site is hosted using Heroku/ Heroku-Postgresql and uses Amazon Web Services for hosting static files and media files.

**Frameworks and languages used:** HTML, CSS, Bootstrap, JavaScript, jQuery, AJAX, Sqlite3, PostgreSQL, Django/Python.

**Site link:** <https://rr-cloth.herokuapp.com/>

**GitHub link:** <https://github.com/ashur-k/RR-Clothes>

### Project 2 - title: *Covid-19 Pandemic*

**Brief description:** I created a site that shows Covid-19 pandemic stats in different countries. This site updates its records from API, provided by <https://rapidapi.com/>. The stats are displayed dynamically, as well as graphically to provide better user experience.

### Project 3 - title: *Car Sales Showroom*

**Brief description:** This comprehensive website was created so that the user can view cars and book appointments for a test drive. The site administrator has a login/logout system to maintain car records, user appointments and systematically organize bookings for test drives.

**Frameworks and languages used:** HTML, CSS, Materializecss, JavaScript, jQuery, MongoDB and Flask/Python.

**Site link:** <http://car-sales-showroom.herokuapp.com/index>

**GitHub link:** <https://github.com/ashur-k/CI-MS3-Car-Showroom>

### Project 4 - title: *Bend River Media*

**Brief description:** This comprehensive site was built (or designed or created) to promote the business of award-winning photographer, Benjamin (Ben) Driver. Bend River Media (BRM) offers a wide range of photography and videography services.

**Frameworks and languages used:** HTML, CSS, Bootstrap.

**Site link:** <https://ashur-k.github.io/Data-Centric-Milestone-Project/>

**Frameworks and languages used:** HTML, CSS, Bootstrap, JavaScript, jQuery, Chart.js/2.9.3, Rapid API.

**Site link:** <http://car-sales-showroom.herokuapp.com/index>

**GitHub link:** <https://ashur-k.github.io/Interactive-Frontend-Development-Milestone-Project/>

## EDUCATION

- Diploma in Software Development, Code Institute. Accredited by the University of Napier, Edinburgh (2020)
- BTEC Level 3 (2011/2013) from Riverside college in Stockton on Tees
- ITQ Level 3 (2012) Computer Graphics from Riverside college in Stockton on Tees
- CMI Level 3 (2012) First-Line Manager from Riverside college in Stockton on Tees
- BSc Information Technology (2005), from Pakistan Institute of Management and Science; Majors were in programming
- FSc Intermediate, (similar to 'A' levels), Math's, English, Physics, Chemistry from K-Area College, Karachi, Pakistan 1999-2001
- Metric, (similar to 'O' levels), Math's, English, Physics, Chemistry, Biology, Urdu from Ali Public High School, Karachi, Pakistan 1998-1999.

## VOLUNTEER ACTIVITIES

- Currently, I am developing voluntarily a site for the Church of Scotland congregation, Kirk of Holy Rood, Grangemouth. They need a simple way to manage their site content so that they can edit headings, paragraphs, images whenever they want.
- Between 2012 and 2019 I was a member of the audio/visual team in a Baptist church in Stockton-on-Tees in England, where my responsibilities included managing the church website, uploading videos, recording Sunday worship services and running the services on Pro-presenter.
- While in Stockton-on-Tees I established and managed a social and bible study group for the 20s and 30s age group from 2017 to 2019, which was attended by over 20 people from many different nationalities. I also pioneered a church-based cricket team which played weekly in a local social league.

## HOBBIES

I love playing cricket and I have played games for teams in social leagues and second-division cricket leagues in England. I love coding and I spend a lot of time watching and following along coding tutorials on YouTube, Pluralsight, Udemy and other available sources. I love reading news and science articles.
